DETAILED ACTION

And

EXAMINER'S REASONS FOR ALLOWANCE

1. Claims 9-11, 13-22, 24, 25 and 27-29 are allowed.
2. Claims 1-8, 12, 23 and 26 are cancelled.

Examiner's Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: The Applicant's claims are allowed for at least the reasons provided below.

3.1 As regards independent claim 9, the following limitations are neither anticipated nor made obvious by the prior art, "*selecting between a current state of the diagnostic module and the previous state stored with the backup register based on a trigger event*". The Examiner notes that Applicant's expressly claimed limitation of having a *backup* register coupled to the diagnostic module is neither disclosed nor is there a motivation to find such a limitation in the cited US Patent 5,657,330 Matsumoto. The Examiner further notes that the combination of Applicant's instant amendments combined with the arguments presented in the 9/27/2005 have been persuasive and therefore all previously applied prior art rejections to claim 9 have been removed.

3.2 As regards independent claim 15, the following limitations are neither anticipated nor made obvious by the prior art, "*coupled to the backup register for receiving the preceding state of the state machine*". The Examiner notes that Applicant's expressly claimed limitation of

having a *backup* register coupled to the diagnostic module is neither disclosed nor is the a motivation to find such a limitation in the cited US Patent 5,657,330 Matsumoto. The Examiner further notes that the combination of Applicant's instant amendments combined with the arguments presented in the 9/27/2005 have been persuasive and therefore all previously applied prior art rejections to claim 15 have been removed.

3.3 As regards dependent claims 10, 11, 13, 14, 16-22, 24, 25 and 27-29 are allowed for at least the reason that they depend upon an allowed base claim.

3.4 Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dwin M. Craig whose telephone number is (571) 272-3710. The examiner can normally be reached on 10:00 - 6:00 M-F.
